## cBR-8 Cisco Cabling Kits

### Meets New DOCSIS 3.1 Standards & ISO Quality Certified

White Sands Engineering now offers cBR-8 Cisco Cabling Kits. Each leg of every assembly is 100% analyzer tested to meet the newest DOCSIS 3.1 standards. Kits are available in stock or custom lengths. Cabling is installed into the UCH8, as specified by Cisco, and is plug-in ready. Materials can also be ordered so that kits can be built onsite.

### 800-40172-02
