

Applications

- Data communication
- Automation
- Electrical
- Communication

Description

Wirewerks is a leading supplier of wire, cable and harness assemblies. From the simplest ground strap to the most intricate harness, Wirewerks has the experience necessary to satisfy all your harness design, prototyping and manufacturing requirements. Our plant, equipped with the latest automatic measuring, wire cutting, stripping, terminating, custom labeling machinery, and

the latest in testing equipment, along with our consistent and professional workmanship, guarantees unsurpassed quality and on-time deliveries on all custom made products.

Products

Analog and Digital cable assemblies	Electro-Mechanical assemblies
Audio and Video cable assemblies	Transportation industry wire harnesses
Black Box applications	Military defense wire harnesses and cables
Coaxial cable assemblies	Micro-miniature connector assemblies
Coil cord assemblies	Power Distribution cabling
DIN and Mini DIN connector assemblies	Ribbon cable assemblies
Discrete wire harnesses	Robotic cable assemblies
Fan wiring assemblies	Turn-Key applications
Ferrite bead cable assemblies	Value-added assemblies
Fiber Optic cable assemblies	Plenum cable assemblies
Contract Kitting and Testing	Industrial equipment wiring assemblies
Electronic assemblies and sub-assemblies	Power Cord assemblies
Network and Communication cables	

Services

Wire processing

- Cut and strip
- Wire stamping
- Wire terminating
- Labeling

Networking and resale

Fiber optic patch cords	Adapters
Copper patch cords 5E and 6	UPS
Patch panels cat 5E and 6	KVM
Keystone plugs	H-frames
Wall plates	Shelves
RJ45 connectors	Wire management
D-sub connectors	USB products
Hoods	Hubs
Vga cables	Switches
D-sub cables	Bulk fiber
Bulk cable
